### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Jacobson on 12/20/05.

The application has been amended as follows:

- Page 2, Line 6: After the phrase "Tracking and Tagging," please insert the following: --now abandoned,--.
- Please amend claim 8 as follows: "8. (currently amended) An intelligent vehicle for interacting with a traffic complex, comprising: a continuous, dynamic in-vehicle display of the local speed limit and, optionally, a control to govern to the local speed limit a maximum speed of the vehicle and further including means for dynamically changing on-line posted speed limits received and displayed in the vehicle as weather, visibility, and road conditions warrant."
- Please cancel claim 32.

2. Claims 8, 55, and 56 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Plenty of prior art devices include a continuous in-vehicle display of the local speed limit. However, there is no prior art device that also dynamically changes the on-line posted speed limits in the vehicle as weather, visibility, and road conditions warrant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
